2018 Drinking Water Quality Report Available

The Safe Drinking Water Act (SDWA) requires the City of Stockton to provide the annual Consumer Confidence Report (CCR). The report includes a detailed water quality summary, monitoring and testing results, as well as the steps we take to protect health and safety. The purpose of the CCR is to:

- ◆ Raise customer awareness about our drinking water quality;
- ◆ Provide information about our drinking water source(s);
- ◆ Explain how water is delivered to homes in Stockton;
- ◆ Emphasize the importance of protecting drinking water sources.

To view the 2018 Consumer Confidence Report and learn more about your drinking water, please visit:
